**RESUBMISSION OF PRELIMINARY AMENDMENT
AND REQUEST TO CORRECT FILING RECEIPT
AND CONDITIONAL PETITION**

Dear Sir:

On March 31, 2004, Applicants submitted a Preliminary Amendment with a Reply to the Notice of Missing Parts. Attached is a copy of the Preliminary Amendment and return postcard showing receipt of the amendment by the Office on April 5, 2004. With the filing of the amendment, the Filing Receipt should have been corrected to show the proper benefit of provisional application number 60/477,148 filed June 9, 2003, removing the filing receipt data inconsistency. Also attached is a copy of the "updated filing receipt" mailed from the Office on April 16, 2004. Please note that the data inconsistency has not been corrected.

Applicants respectfully request entry of the preliminary amendment noted above. No new matter has been added by this amendment. The amendment is made to correct the typographical error in the originally filed application at line 7 of the specification, wherein one of the priority documents was inadvertently typed as "60/447,148" when in fact it should have read 60/477,148.

Applicants respectfully request the entry of this amendment and the issuance of a "corrected" filing receipt. No fees are required.

Should the above request be denied, the Applicants would respectfully petition to correct the priority claim in the subject application. This conditional petition is being submitted prior to 16 months from June 9, 2003, the filing date of the provisional application Serial No. 60/477,148, the application whose number was inadvertently incorrectly noted in paragraph [0001] on page 1, line 7 of the subject application as filed. Should the Commissioner deem any fees associated with this communication, the Commissioner is authorized to charge these fees to Deposit Account No. 02-0429 (194-30871-US).

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "William E. Schmidt", is written over a horizontal line.

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+); and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
